FLAGSHIP PROJECTS

- [**BANK LEGAL SOFT:**](#)
  Legal management software for banks to optimize governance and management of banks' legal processes. Multi-platform and multilingual, it automates legal tasks, monitors deadlines and improves communication between head office and subsidiaries.

PROJECTS

SIM AH

- Logiciel de gestion qui fournit aux agriculteurs des informations en temps réel sur les prix et la demande, améliorant la transparence du marché et permettant de gagner du temps, tout en soutenant les décisions des grossistes et des transporteurs.
- [Link](#)

ERP ONAB BENIN
- GIS for managing and tracking the activities of the Office National du Bois du Bénin (Benin National Wood Office)
- [Link](#)

POSTE BENIN
- Management software for recruitment management, onboarding, employee information management, attendance tracking, leave management, performance appraisal, training and development, and payroll processing.
- [Link](#)

BENIN TOURISME NET
- Online platform that allows users to search, compare and book hotel

- **SIG CYCLE PREPARATOIRE STE MARIESTELLA**:
  Comprehensive university software that manages grades, student performance, teacher administration, course and exam planning, learning resources and communications.

- **LYNIA BENIN**:
  An intuitive e-commerce site for the sale and delivery of goods between Cotonou and Abomey-Calavi.

- **IXIOXI**:
  OAuth 2.0 system for single sign-on to multiple SaaS applications via one main platform. Multi-tenant database integration to secure and isolate corporate data.

- **SIG UNSTIM**:
  Integrated Management System (SIG) for UNSTIM, centralizing academic, administrative, financial and scientific publication management. It optimizes teacher follow-up, accounting and rectoral coordination for efficient administration.

PRIZES AND AWARDS

- 3rd prize in the Momo Hackathon 2023 organized by MTN Benin with Locapay Project
- 3rd prize in the Hackathon organized by the NGO Amnesty International for the design of a platform for denouncing human rights.
